

CORPORATE MERGERS

A corporate merger is a combining of corporations in which one of two or more corporations survives. There are several types of mergers with a variety of filing requirements based not only on the number of corporations merging and the type of merger, but also the domicile of the corporations merging and whether or not any foreign (out of state) corporations are qualified to transact business in the State of California. There is no way to provide information and sample documents for each set of circumstances. The following definitions and samples contain basic information and requirements for the type of merger identified and are provided as guidelines only. Documents must be drafted in accordance with applicable code sections, dependent upon the particular circumstances of the corporations involved. Due to the complexity of merger transactions, it is recommended that the advice of private legal counsel, specializing in corporate matters, be sought regarding the specific needs of the merging entities.

When preparing merger documents, regardless of the type of merger, be sure the corporate name included in the documents is exactly as it appears on the records of the Secretary of State, including corporate ending, if any, punctuation and abbreviations. Prior to filing please verify the status of the corporations being merged; merger documents **cannot** be filed on behalf of suspended corporations. (See Revenue and Taxation Code sections [23301](#) and [23775](#).)

SHORT FORM MERGER – CERTIFICATE OF OWNERSHIP

California Corporations Code section [1110](#) allows the merger of a subsidiary corporation into the parent by a simplified procedure if the parent owns 100 percent of the outstanding shares of the subsidiary. The merger is accomplished by filing a Certificate of Ownership with the Secretary of State. A sample document follows this discussion. Two or more subsidiary corporations can be merged using a single Certificate of Ownership by adding appropriate statements in the certificate.

Either the parent corporation or one or more of the subsidiary corporations can be foreign corporations, whether or not qualified in California, as long as either the parent corporation or at least one of the subsidiary corporations is a California corporation, and the laws of the place of incorporation of the foreign corporation permit a merger to be effected in the manner provided by Corporations Code section [1110](#).

While Corporations Code section [1110](#) also allows a merger of a parent corporation into its subsidiary corporation and allows a merger where the parent corporation owns less than 100 percent, but at least 90 percent of the outstanding shares of each class, the statutory requirements for the filing are more complex. As the number of such filings is few compared to the number of 100 percent owned mergers, a sample of this format is not included in the information provided. For further information, refer to Corporations Code section [1110](#).

MERGER BY AGREEMENT OF MERGER

When there is a merger by Agreement of Merger with a California corporation as the survivor, there must be filed a copy of the Agreement of Merger with an officers' certificate for each corporation attached. The documents should be stapled together with the Agreement of Merger on top, followed by a separate officers' certificate for the survivor and each of the merging corporation(s). (See Corporations Code sections [173](#), [1101](#), [1102](#), and [1103](#).)

An officers' certificate must be prepared and attached for the survivor and for each merging corporation, even for a merging corporation, which is a foreign corporation not qualified in California.

A sample of an Agreement of Merger and an officers' certificate are included and have been designed to meet minimum statutory requirements in a situation where there is only one class of shares and 100% shareholder approval is received.

It is preferable to state the basis for converting the shares of the merging corporation in terms of each share, i.e., "On the effective date of the merger, each outstanding share of common stock of the Merging Corporation shall be converted into one share of common stock of the Surviving Corporation."

TRIANGULAR MERGER

In many instances of a corporate acquisition by merger, the transaction will be structured as a merger of the corporation being acquired into a subsidiary of the acquiring corporation. This type of merger is referred to as a triangular merger and is specifically recognized in Corporations Code section [1101](#). A variation on the triangular merger is the reverse triangular merger in which the subsidiary is merged into the corporation being acquired.

In a triangular merger there usually are two agreements which typically might be called "Agreement of Merger" and "Agreement of Reorganization", respectively. The Agreement of Merger is the statutory agreement drafted, executed and filed with the Secretary of State pursuant to Sections [1101](#) and [1103](#). The Agreement of Merger (sample attached) is intended to meet minimum statutory requirements and normally is much shorter than the Agreement of Reorganization. The agreement of reorganization sets forth the entire agreement of the parties. It is generally the Agreement of Merger and not the agreement of reorganization which is filed with the Secretary of State pursuant to Corporations Code section [1103](#).

FILING PROCEDURES RELATING TO MERGERS INVOLVING DOMESTIC AND FOREIGN CORPORATIONS

Where a **FOREIGN** corporation **SURVIVES** the merger: If at least one California corporation is a party (disappearing) to the merger, there are three alternatives for completing the merger filing in California. (Corporations Code section [1108\(d\)](#).)

1. A certified copy of the merger filing made in the foreign jurisdiction (the certification must be made by the public official having custody over the original filed document).
- OR** 2. A merger filing meeting the requirements of California law, including a copy of the Agreement of Merger and originally executed officers' certificate for the surviving foreign corporation and EACH domestic constituent corporation (Corporations Code section [1103](#)), or, if appropriate, an originally executed Certificate of Ownership (Corporations Code section [1110](#)).
- OR** 3. An executed counterpart of the merger filing made in the foreign jurisdiction (in the form required by the laws of the foreign jurisdiction) must provide proof that it has been filed in the foreign jurisdiction.

If no California corporation is a party to the merger (all parties are foreign corporations), the correct filing is a [Certificate of Surrender of Right to Transact Intrastate Business](#) filed on behalf of each disappearing, qualified foreign corporation. (See Corporations Code section [2112](#).) There is no filing fee for the Certificate of Surrender of Right to Transact Intrastate Business.

In cases where the party surviving the merger is a foreign corporation and the merger filing is made in accordance with the laws of the foreign jurisdiction, the merger proceedings are nevertheless subject to shareholder approval and dissenters' rights with respect to the disappearing California corporations. (See Corporations Code sections [1200 et seq.](#) and [1300 et seq.](#))

When the surviving corporation in a merger is a foreign corporation, the merger is effective in accordance with the laws of the foreign jurisdiction. The filing is generally effective with regard to a

domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction, but only after an appropriate merger filing is made in California. However, if the date of filing in California is more than six months after the time of effectiveness in the foreign jurisdiction, or if the California corporation is suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the California disappearing corporation as of the date of filing in California.

The California Secretary of State does not have authority to accept appointment as a corporation's Agent for Service of Process in California.

Where a CALIFORNIA corporation SURVIVES the merger:

The merger filing must be made in California by filing an Agreement of Merger and originally executed officers' certificate for EACH constituent corporation (Corporations Code section [1103](#)) or, if appropriate, by filing an originally executed Certificate of Ownership (Corporations Code section [1110](#)).

An officers' certificate must be prepared and attached for the survivor and for each merging corporation, even for a merging corporation, which is a foreign corporation not qualified in California.

Additional Information

A merger of a domestic corporation with a foreign corporation is subject to authorization to effect such a merger under the laws of the state of incorporation of the foreign constituent corporation(s).

Under California law there are no provisions for effecting the redomestication of a corporation. Consequently, when a foreign corporation reorganizes in another state, the filings in California are the Surrender of Right to Transact Intrastate Business on behalf of the corporation in its original state of incorporation, and the Statement and Designation by Foreign Corporation qualifying the corporation from the new state to do business in California.

NONPROFIT CORPORATIONS: Provisions relating to the merger of nonprofit corporations are discussed in Corporations Code sections [6010 et seq.](#) for public benefit corporations, sections [8010 et seq.](#) for mutual benefit corporations, section [9640](#) for religious corporations; and sections [12530 et seq.](#) for consumer cooperative corporations.

To effect a merger involving a nonprofit corporation, generally there must be filed with the Secretary of State a copy of the Agreement of Merger and an officers' certificate (as defined by Corporations Code section [5062](#) or [12241](#)) for the surviving corporation and for each disappearing corporation.

Attorney General notice and approval of mergers involving a nonprofit corporation, including prior written consent, is required in some situations. You should review the appropriate Corporations Code provisions to ensure satisfaction of all legal requirements.

INTERSPECIES MERGERS: See the attached [Certificate of Merger – General Information](#) document for filing requirements specifically related to mergers between corporations and other business entities.

FEES: The fee for filing a merger between corporations is \$100.00. A \$15.00 special handling fee is applicable for processing documents delivered in person to the Sacramento office. The special handling fee must be remitted by separate check for each submittal and will be retained whether the document is filed or rejected. The preclearance and/or expedited filing of a document *within a guaranteed time frame* can be requested for an additional fee (in lieu of the special handling fee). Please refer to the Secretary of State's website at <http://www.ss.ca.gov/business/precexp.htm> for detailed information regarding preclearance and expedited filing services. The special handling fee or preclearance and expedited filings services are not applicable to documents submitted by mail. Check(s) should be made payable to the Secretary of State.

COPIES: The Secretary of State will certify two copies of the filed merger documents without charge, provided that the copies are submitted to the Secretary of State with the documents to be filed. Any additional copies submitted will be certified upon request and payment of the \$8.00 per copy certification fee.

Upon the filing of the Certificate of Merger by the Secretary of State, the separate existence of the disappearing domestic or qualified/registered business entity shall cease in California.

Statutory filing provisions are found in Corporations Code sections [1113\(g\)](#) (stock corporations); [6019.1](#) (nonprofit public benefit corporations); [8019.1](#) (nonprofit mutual benefit corporations); [9640](#) (nonprofit religious corporations); [12540.1](#) (consumer cooperative corporations); [15678.4](#) (limited partnerships); [16915\(b\)](#) (general partnerships and limited liability partnerships); and [17552](#) (limited liability companies). One or more business entities can merge only if each entity is authorized by the laws under which it is organized to effect the merger and at least one California domestic entity is involved.

There are a variety of filing requirements based not only on the types of entities involved in the merger, but also the domicile of the entities merging and whether or not any foreign (out of state) entities are qualified to transact business in the State of California. It is not feasible to provide information and sample documents for each set of circumstances. Documents must be drafted in accordance with applicable law, dependent upon the particular circumstances of the entities involved. Due to the complexity of merger transactions, it is recommended that the advice of private legal counsel, specializing in business entity matters, be sought regarding the specific needs of the merging entities.

When preparing merger documents, regardless of the type of merger, be sure the entity name included in the documents is exactly as it appears on the records of the California Secretary of State, including entity endings, punctuation and abbreviations. For mergers in which a California corporation or a qualified foreign corporation is a party to the merger, prior to filing please verify the status of the corporation(s) being merged as merger documents **cannot** be filed on behalf of suspended/forfeited corporations.
